(d) Revising the pay of the clerical Grade next on Rs 30/(Grade) Dept establishment to Rs 40-2 50/6 as 3-80 with a view to award hardship otherwise caused to the present circumstance Sri Narancushwar who has a superior lien against the 2nd division clerical post in the Food Analysts Section of the Health Dept establishment

3) The following omissions and mistakes in the preparation of these statements are brought to notice - Chief Comptroller Memo - P O D

(a) Showing therein the Steamer Daily of salary and Service and Total Service on 1/1/47 in a number of cases, only the minimum being proposed for each of them

(b) Omission to fix the initial pay as per list furnished of certain permanent officials who are P O D or Government departments for want of Service particulars The Comptroller suggests a supplemental statement being furnished in respect of those cases by obtaining the Service Registers from the Departments Concerned and for Sanction

4) As per calculations made by the Comptroller the revision of Rs 3,32,553 4/15 involves an increased expenditure of Rs 2,56,308 3/15 per annum This also includes the Sweepers and Scavengers of the Health Section and Carp Coolies of the Engineering Section whom the Municipal Officer had omitted, but the Comptroller included Rs 100 to reflect correctly the financial implications of the proposal

5) In pursuance of G O no R dis 51-63/L R 446-47-8 dated 21 11 48 ordering that all appointments in Grade Rs 40 2-50 classed as class I prior to 28-2-46 for purposes of Increment in the Rev Dept be treated as

flag

6) While scrutinising the above statement the Compiler has found that Sri N Gangiah also has been recommended for the special treatment has not held the grade of Rs 40-2-50 Continuously and there has been a break between the period from 11-1-1946 to 31-8-1946 though he got in to the grade prior to 1-10-48 Therefore if the Board desires to be excluded to this special the period of break in question requires to be specially condoned

7) The Municipal Commr B'lore has also made a separate recommendation to this effect in his No A & E 362/48 dated 30 5 49 that pending receipt of Government sanction to the ~~above~~ allocation in respect of these three officials they may be permitted to draw the minimum pay of the 1st division appointment from 1-9-49

1) These papers relate to the revision of scales of pay of the employees of the Bangalore City Municipality Sanction was accorded in this office letters dated 20-2-48 and 10-5-48 to the proposals of the Municipal Council to draw and disburse the pay of the minimum of the proposed revised grades with effect from 1-9-1947

Now proposition statements and as well as allocation statements have been sent up, duly verified by the Comptroller he Comptroller has also offered his remarks on the proposals ut forward by the Municipal Council

Flag A

Flag B

In regard to the proposition statement the revised scales ave to be sanctioned finally before the allocation statement an be approved It is seen that the revised scales of pay roposed in the case of Head Accountant, Clerks and menials re the same as those sanctioned in the case of similar mployees in the Government Departments In the case of the echnical departments, like the Engineering and the Health Department, the scales of pay as sanctioned for the employees of the W D and Public Health Departments have been adopted, as their ervices are lent to the Municipality These can be approved ithout any modification

Flag B

2) There are however some appointments in the Municipality as such the Municipal Shanbhogue, Tax Inspectors, Market Inspector etc hich have no corresponding places in the Revenue and other epartments In these cases the scales of pay have been fixed rbitrarily on a liberal scale by the Municipality The scales of ay of Shanbhogues and Tax Inspectors are revised again as follows

vide scale given in flag B, C & D

	Now proposed	Previous proposed from 1-9-47	Existing
Shanbhogues	40-2-60 Rs	30-2-40-2-50 Rs	30 25 & 20 fixed
Tax Inspectors	50-3-80-4-100	50-3-65-3-80	

(13) In view of the local conditions in Bangalore and the high cost of living, the scales proposed may perhaps be allowed in the case of Tax Inspectors, the post is interchangeable with that of the Octroi ~~Superintenden~~ Inspectors and the Toll Inspectors

P.V.D II (14) The Comptroller has also raised certain points for consideration relating to individual cases

1) One is about the personal allowance granted to some officials - in the case of the Horticultural Inspector (Sri T Rangaiya) a personal allowance of Rs 20/ per mensem is sanctioned with effect from 25th June 194(It is not stated in the Government Order, whether it is to be an absorbable or a non-absorbable one His pay which was Rs 60-5-100 has been proposed to be raised to Rs 100-10-150 It is for consideration as to whether he may be allowed to draw the personal allowance also in addition Having regard to the fact that he has drawn it for over three years and he is to retire shortly, the present incumbent may perhaps be allowed to continue to draw it

2) In regard to Sri M Ramaiah who is now a Public Conveyance Inspector on Rs 60-5-90-6-150, he was given a personal allowance of Rs 10/- per mensem which has been treated as non-absorbable This has to be continued to him

(15) In regard to ~~other~~ the cases of officials referred to by the Comptroller who have been transferred to other Departments such as Food Supplies, Comptroller's Office, Revenue Department etc from the Municipality, they wil draw the minimum of the proposed revised grades from 1st January 1947 In regard to actual allocation in the revised grade, grant of weightage etc , additional particulars will have to be obtained from the Department where they are now working, and a further revised allocation statement sent up for sanction as pointed out by the Comptroller

(16) The scale of pay of the Second Grade Clerk attache

to the Special Land Acquisition Officer may, instead of being a fixed one, be revised to Rs 40-2-50-3-80, as pointed out by the Comptroller and the incumbent fixed at Rs 44 in that grade

7) Similarly in the case of Sri C L Sripadachar his services in the Sericultural Department may be taken into account for purposes of granting weightage in the revised grade and after condoning the break of service from 16th November 1931 to 16th May 1932, he may be given Rs 48/- from 1st January 1947 Clerk Sri Narasiah who is in the Second Division - (working now in the Grain Depot) - was a clerk in the Food Analyst's Office He may be fixed in the revised grade Rs 40-2-50-3-80 as proposed by the Comptroller

8) The Comptroller has, as resolved by the Municipal Council, recommended the cases of the three following officials (clerks) for sanction from the date of their Flag T vide P.V.R III

1) Sri R Padmanabhachar
2) " K Papanna
3) " N Gangaiya

They are now in the grade of Rs.40-2-50 Since they have been drawing this pay from 1st October 1945, they may be allocated in the First Division of Rs 60-5-90-6-150 according to the Government Order dated 24th November 1948 by making it applicable to the Municipal employees also There are vacancies available for them (vide statement flagged) Flag Z

9) In the case of Sri Gangaiah the break of service from 11th January 1946 upto 30th August 1946 has also been recommended to be condoned in order to enable him to be put into the First Division This may be approved

In the case of one Sri Sridharamurthi, Library Assistant, his pay is fixed at Rs 25-1-30-1-40 The Municipal Council has recommended that he may be fixed at Rs 30/- per mensem so that he may not be superseded by his juniors and he will have the benefit of the revision, (vide Municipal Commissioner's letter dated 24th May 1949) This may be approved Flag E Flag E

According to the proposition statement as revised the extra recurring expenditure would work out to abou Rs 3,32,553-4-3 per annum

Flag B 18) The allocation statement has also been verified by the Comptroller, the weightage etc , being given strictly on the basis of the service rendered. This has been scrutinized individually and found to be accurate

In regard to grant of conveyance allowance, a unifor scale has to be adopted as against the varying grades now in vogue The Municipal Commissioner will be requested to examine these cases and submit suitable proposals for the orders of Government, leaving out the cases of such of those in whose cases sanction has already bee communicated

21) It is seen that the exp establishmen is on the increase especially in the Engineering and Health Departments, where there are a number of gangs permanent, mobile and temporary Several of these ca be reduced, if not altogether abolished Similarly since motor lorries have been recently purchased for wor in the Health section, there is no necessity to spend money on the carts Thes require to be examined afresh when the Corporation comes into existence. Subject to this proviso, sanction may be accorded on a tentative basis to the proposals.

22) The entire expenditure will be met out of the fund of the Bangalore City Municipality Necessary provision has been made in the current year's budget also to meet the expenditure in accordance with the revised grades which will have effect from 1st January 1947, as in the case of the officials of the Department of Government

23) There are some individual cases like that of Janab [illegible]ddin and [illegible]bbiah These cases can be considered after the proposition statement and allocatio statement are approved and orders issued.

(1) The allowance given to the Revenue Divisional Inspector is given for additional works to supervise the work of the decoration gang so it may be continued as he is shortly to retire. Subject - Allocation and Proposition statements of the Bangalore City Municipality.

Sir,

I have the honour to forward, herewith, in original for the information and orders of Government letter No A5 C 206/47 dated 12th May 1949 of the Municipal Commissioner, Bangalore City Municipality, together with the Allocation and Proposition statements of employees of the City Municipality received with it, after duly verifying them, and to state as follows -

2 Government have in their orders conveyed in Revenue Secretary's letters Nos L.13742/M1.104-47-14 and L 16741/M1 10-47-10b dated 20-2-1948 and 10-5-1948 respectively merely accorded sanction to the proposals of the Municipal Council to draw and disburse the pay at the minimum of the proposed revised rates with effect from 1-9-1947, with a view to give relief to the Municipal employees subject to the condition that any excess drawn by them over the revised scales of pay that may be fixed after a consideration of all the aspects of the case, some of which have been already detailed in the note enclosed to this office U.O reply referred to in the next para, would be recovered The revised scales proposed have therefore to be finally sanctioned before the Allocation statements are approved by Government.

3 Kind reference is in this connection invited to para IV (clauses a to h) of the Assistant Comptroller's note annexed to thi office U.O reply No 218/CLAD dated 16-12-1948 on the above subject in which it has been already brought to the kind notice of Governme with concrete instances that instructions contained in the Revenue

Secretary's letter of 10-5-1948 referred to in the above para to the effect that scales of pay proposed should be in accordance with the general orders of Government, have been ignored by the Municipal Council that in a good many cases scales more advantages for similar appointments sanctioned in the concerned Departments of Government have been adopted, and that in those cases where similar appointments are wanting in such departments, arbitrary scales have been adopted by the Municipal Council without the previous sanction of Government.

4 The revised scales of pay originally proposed by the Municipal Council for the Shanbhogs and Tax Inspectors viz., 30-2-40/EB-2-50 and 50-3-65-EB-3-80 respectively having been pointed out as anomalous by Government (vide para 8 of the Revenue Secretary's letter of 20-2-48 referred to above), the Municipal Council at their meeting held on 4-9-1948 modified the scales for Shanbhogues and Tax Inspectors as 40-2-60 and 50-3-80-EB-4-100 respectively for being incorporated in the proposition and allocation statements while submitting them to Government. The benefits of the above modified scales have also been extended to the Octroi and Toll Inspectors and included in the concerned proposition and allocation statements for approval of Government

5 Each of the following proposals of the Municipal Commissioner, incorporated in the concerned proposition and Allocation statements with reason therefor requires previous approval of Government pending receipt of which, however, the items are allowed to stand in the concerned statements during verification by Audit

(a) A Personal Allowance of Rs 20/- was sanctioned to the present Horticultural Inspector Sri T. Ranglah (vide the Allocation statement of the Engineering Department) in G O No L.10383-4/M1 10-46-185 dated 21-10-47 with retrospective effect from 25-6-46 The Municipal Commissioner is of opinion that this is a non-absorbable Personal Allowance as it was sanctioned for supervising the work of the Decoration Gang and he has shown it as such in the Allocation and Proposition Statements The Government Order of 21-10-1947 in question is not clear on the point This, therefore, requires specific orders of Government.

(b) The post of a second grade clerk on the establishment of the Special Land Acquisition Officer carried a pay of Rs 25 (fixe per month and one B S.Krishnamurthy, a passed S S.L C was appointed against it But when all posts carrying a pay of Rs.25 (fixed) were brought under the third class agreeably to clause (iii) of G.O No E.4567-649 R & P S. 40-45-5 dated 11-2-1946, action was omitted to be taken to get the post held by Krishnamurthy converted into a second class one or to shift him to a second class vacancy with the result that he gets only Rs.34/- with effect from 1-1-1947 in the grade 30-2-50 into which the fixed appointment on Rs 25/- held by him has been proposed to be revised, instead of Rs 44/- which he would have got in the usual course in the grade 40-2-50-EB-3-80, had he been shifted in time to a second class vacancy He would thus be a loser by Rs.10/- per month for no fault of his The Municipal Commissioner has, with a view to obviate this hardship to him, proposed to revise the post on Rs 25 (fixed) into a second class one and fix Sri Krishnamurthy on Rs.44/- against it (vide item No.1 of the Allocation statement of the temporary Establishment relating to the office of the Municipal Commissioner).

(c) Sri C.L Sripadachar clerk of the Octroi Department (vide item No.9 on page 2 of the allocation statement of that Department for permanent Establishment) was entertained in the Sericulture Department on 12-11-1927 and worked there till 15-11-51 He went on 6 months L.W.A. with effect from 16-11-51 and his services were terminated in that Department on 16-5-52 on which date he joined service in the Bangalore City Municipality and has rendered continuous service since then The Municipal Commissioner has for purposes of giving him weightage taken into consideration his services in the Sericultural Department also, though sanction of Government is necessary to condone the break and fix him on Rs 48/- with effect from 1-1-47 in the second grade instead of Rs 46/- to which he is entitled by taking his Municipal service only into account.

(d) The pay of Sri Narasimhiah, Clerk, who was getting Rs 30/- (fixed) before 1-1-47, is fixed on Rs.46/- in the grade 40-2-50/EB-3-80 from 1-1-47 in the Allocation Statement of the temporary Grain Depot Establishment (vide item 2 on page 2). It is however seen that the original pay of the post on Rs 30/ has been proposed to be revised to Rs 40/- (fixed) by the Municipal Council in the General Revision of the scales of pay of the Municipal staff If this revised scale is given effect to, Sri Narasimhiah who has a superior lein against the II Division clerk's post in the Food Analyst Section of the Health Officer's Establishment and who was only O.O D. in the temporary establishment would be a loser by Rs 6/- per mensem as he would get Rs 46/- in the former post With a view to remove this anomaly the Municipal Commissioner has proposed to revise the post on Rs 30/- (fixed) into 40-2-50/EB-3-80, as stated above and included them as such in the Proposition and Allocation statements of the Grain Depot

6. The Proposition and Allocation statements are either incomplete or incorrect in more than one respect as detailed below contrary to the instructions contained in the Official Memorandum No.Fl.3342-34008 S.L.A 14-48 dated 15-10-48 issued by the Financial Secretary to Government, and in spite of the omissions and mistakes having been pointed out in this office U O reply of 16-12-48.

(i) The columns "Date of entry into service" and "total service as on 1-1-47" are left blank against a good many names and only the minimum of the revised grades are proposed for each of them in the Allocation statements, that of the Health Department relating to the menials affording the worst example in this respect

(ii) Initial pay has been omitted to be fixed in the revised scales for want of service particulars in the case of each of the marginally noted officials whose permanent liens were retained in the Bangalore City

Allocation Statement for them after getting their Service Registers or Certified copies of particulars of Service from the concerned Departments and to obtain the requi sanction of Government very early

(iii) The Proposition and Allocation Statements in respect of the Sweepers and Scavengers of the Health Section and Gang coolies of the Engineering Section of the Bangalore City Municipality have not been sent by the Municipal Commissioner as reported by him in his letter of 12-5-49 referred to in para 1 supra At the time of the verification of the statements, however, the proposition statements of both the establishments were got prepared and placed in the file, as in their absence, even the total extra cost that the revision would involve per annum to the Municipality could not be determined.

(iv) The following posts which were sanctioned subsequent to 1-1-47 have been incorrectly included in the concerned Proposition and Allocation Statements They have been deleted during verification in audit

(1) Octroi Assistant Superintendent	1	
(2) Market Inspector	1	
(3) Mutsaddies	2	on Market Estt
(4) Ghurka Watchmen	4	"
(5) Typist	1	"

The proposed revision involves an extra recurring expenditure of Rs.3,32,333-4/15 per annum as detailed in the abstract statement prepared afresh and placed in the file for ready reference, as against Rs.1,72,893-4/15 incorrectly noted leaving out of account the Sweepers and Scavengers of the Health and the Gang coolies of the Engineering Sections by the Municipa Commissioner in the Abstract Statement forwarded by him The immediate extra cost that the Allocation would involve could not be worked out as the Allocation statements are incomplete as

as stated in para 6 supra and as the information relating to the pay fixed in the revised scales for the subordinates lent from the P.W and Public Health Departments have not yet been received from those Departments in a good number of cases

8. The statements have not been prepared correctly and scrutinised carefully even in spite of their having been unofficially verified in the Audit Section and defects pointed out with the result that the statements had to be verified completely a second time before their transmission.

A list of important corrections made in the Proposition and Allocation Statements during verification are detailed in the statement herein enclosed Under the circumstances some delay in transmitting the statements became inevitable

Yours faithfully,

Proposition and Allocation statements of the I and II Division Clerks of the Bangalore City Municipality.

Sir,

In forwarding herewith in original for the information and orders of Government letter No A5 C 362/48-49 dated the 19th May 1949 received from the Municipal Commissioner, Bangalore City, together with its enclosures consisting of the above, I have the honour to state as follows -

The proposition and the allocation statements have been duly verified The proposed scale involves a net increase of Rs 143/- per mensem or Rs 1716/- per annum as per correct calculation as against Rs 142 2/3 and Rs 1712/- respectively noted by the Municipal Commissioner in the proposition statement The date viz , 1-1-1947 with effect from which "the pay with weightage' is evidently proposed to be given has been omitted to be noted in the Allocation Statement In the case of Sri K Padmanabhachar and Sri K Papanna, the initial pay as per the revised grade should be Rs 70 + 4 P A and Rs 70+2 P A respectively in accordance with Art 85(b) M S R and not Rs 74/- and Rs 72/- respectively as noted in the Allocation Statement Necessary corrections have been effected and the omissions supplied in the Proposition and Allocation Statements during verification in audit

The case of one Sri N Gangiah recommended for special treatment by the Municipal Council is mfor the consideration and orders of Government as he did not hold the grade of Rs 40-2-50 continuously and there was a break between the period from 11-1-1946 to 31-8-1946 though he got into it prior to 1-10-1945 If his proposed promotion

to the first division is approved he will get it under the temporary establishment.

Yours faithfully,

Adverting to Government Order No R 4451-63/LR 446-47-8 dated 24-11-48 (copy enclosed for favour of reference) ordering inter-alia that all appointments in grade 40-2-50 (old scale) classed as Class I appointments prior to 28-2-46 for purposes of recruitment in the Revenue Department be treated as I Division appointments in grade 60-5-90/EB-6-150 subject to the ratio of 1 5 being maintained and that for purposes of allocation all officials both graduates and non-graduates who have been regularly appointed in or promoted to class I before and after 1-10-45 in accordance with rules etc, may be allocated to I Division on the basis of seniority subject to the prescribed proportion the surplus officials, if any, b eated as supernumeries, I have the honour to state that the Municipal Council before whom the above Government Order was placed at their meeting held on 18-4-49 have resolved that it be made applicable to all the Employees of this Municipality who are in the grade of 40-2-50 and the same be given effect to those who become eligible, according to this Government Order for being paid in the revised grade 60-5-90/EB-6-150 with effect from 1-1-47

In accordance with this Resolution, a statement showing the names of the officials who become eligible for promotion to the Revised grade is prepared and enclosed herewitn and the pay fixed for each according to weightage is also shown therein

There are at present in the Municipality 7 Ist Division clerks (Permanent), 47 IInd Division permanent and 8 temporary IInd Division clerks Hence, the number of I Division clerks is increased to 9 in the permanent cadre and 1 in the temporary There are 2 officials of the II Grade being eligible to be fixed in the I grade with reference to the Revised proportion

In this connection, I wish to state that the case of serial No 3, Sri Gangiah has been incorporated in the statement, as per resolution of the Council dated 18-4-1949, as Sri Gangiah, who was formerly promoted to Rs 40-2-50 from 27-8-45 to end of 10-1-46 was reverted owing to cessation of acting appointments and other arrangements ordered during the period in the interest of office work. The Council have condoned the break of promotion period from 10-1-46 to 1-9-46 so as to entitle him to get the benefit of the Ist grade as he was appointed on 40-2-50 continuous from 1-9-46 and as he had been already appointed in the grade (40-2-50) prior to October 1945

As the order has to take effect from 1-1-47, all the above officials have been fixed and allocated in the I Division on S P.T basis

A copy of the Council resolution on the subject together with a Proposition Statement is enclosed herewith for favour of reference I request you to be so good as to obtain early sanction of Government to the pay fixed for the officials in the enclosed allocation statement at an early date

As the point raised in the Audit Note (vide Para 2 No. (3) appended to the General allocation statement of officials does not seem to hold good in view of receipt of the subsequent Government Order dated 24-11-48, a separate allocation statement for these three officials for consideration, though their cases

cases have been treated as II grade appointments and included in the General Allocation Statement, pending receipt of Government Order in the present case

Yours faithfully,

MUNICIPAL COMMISSIONER
